

I must "praise" the works of KLOVE in Phoenix, it is so important to me..I listen to it every day...
and I am not alone, as when I meet with friends...
we usually want KLOVE plaing in the background.

It is truely uplifting, and POSITIVE.
If local KLOVE were replace it would have a huge negative effect on my life and my family's life and likely my close friends.
We need this station. The world needs this station - especially now..in these turmoulous times.
I believe that KLOVE serves the public interests by providing an alternative to the "morally-corrupt" radio that exists...
We need to focus on kindness...and goodness,
and this station when it plays it songs...it speaks to our community...
it uplifts it..and gives it a voice that is positive.
PLEASE Keep the positive KLOVE Station here in Phoenix...!!

God Bless.
